BOILERS**

DIMPLEX

COMBI BOILER

The Dimplex Combination boiler is a compact central heating solution which is ideally suited to homes that require hot water on demand but don't want header or storage tanks with the added benefit of all-round energy efficiency.

- Choice of 3 Outputs
- 24kW, 30kW and 38kW Options available
- Excellent DHW Flow rates
 - 24kW 9.8L, 30kW 12.3L, 38kW 15.6L
- Wide CH modulation range
 - 24kW 6.0kW up to 18.0kW
 - 30kW 7.4kW up to 23.3kW
 - 38kW 9.8kW up to 30.0kW
- Low Nox emissions (Nox Class 5)

MODEL	PART NO	Dimensions (mm)			Btu/hr (kW) Heating (non condensing mode)	Btu/hr (kW) Hot Water	PRICE (Excl VAT) Boiler only
		Height	Width	Depth			
DX Combi 24HE White NG	444440444	800	446	335	62,800 (18.4)	82,000 (24)	£800.11
DX Combi 30HE White NG	444440445	800	446	335	81,600 (23.9)	109,700 (30)	£920.11
DX Combi 38HE White NG	444440446	800	446	335	104,400 (30.6)	129,700 (38)	£1,000.11

Price excludes Flue – supplied separately.

LPG CONVERSION KITS

MODEL	CONVERSION KIT	PART NO	PRICE (Excl VAT)

Dimplex Gas boilers

A new range of advanced design boilers giving powerful, yet efficient heating and hot water throughout the home. With easy access for service and maintenance and a five year parts and labour warranty on all models, the Dimplex range ensures complete peace of mind for both the installer and end user.

In addition, the sleek casing gives the boiler a smart and modern appearance, complementing either a traditional or contemporary environment.

It all boils down to...

The right boiler

- A range of 7 gas boilers ideally suited to any of your home requirements
- Up to 38kw output to satisfy the largest family's hot water needs
- Compact and lightweight – can even fit into a kitchen cupboard!
- Simple with quick installation and maintenance – 2 screw access, pre plumbing jig, wall mounting template, filling loop and quick-fit guide

The right performance

- SEDBUK A/SAP 2009 maximum efficiency rating
- Fully modulating output – adjusts energy usage in line with heating and hot water demands
- Environmentally friendly – ultra low nox emissions (Class 5 - the best!)
- Comfort pre-heat setting – predicts usage of hot water and adapts to the users needs by preheating the boiler

The right support

- 5 year parts and labour warranty
- Award winning Customer Care and Spare Parts Centre
- Dedicated service and technical helpline: 0844 371 1111 Intl: +44 (0)151 426 7011
- Nationwide network of service engineers

The right brand

- Dimplex – the leading brand name in electric space and water heating
- Glen Dimplex Group – one of the worlds largest electrical and gas heating and appliance businesses
- 35 years of manufacturing and boiler experience
- Brand leading components

The right price

- A premium gas boiler – for less!

Part of the multi national Glen Dimplex Group - one of the world's largest electrical and gas heating appliance businesses - Glen Dimplex Boilers boasts 35 years of manufacturing and gas boiler experience.

Whether it's a combi, system or an open vent boiler, Dimplex gas boilers are a fast growing choice amongst installers and homeowners, who seek a boiler that offers more for less with the support of a market leading five year parts and labour warranty. As well as a trusted brand name, all Dimplex gas boilers are British made and feature brand-leading components with a versatile range of flueing options and year round technical service and support. A range of unvented cylinders for powerful, mains-pressure hot water and a solar thermal hot water package is also available.

Glen Dimplex Boilers are continuously improving their products and may therefore change specifications without prior notice.
